des essais sur le cancer

# 2018 Annual Spring Meeting of Participants

April 27-29

Chelsea Hotel, Toronto

## Overall Schedule

This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada, and approved by Queen's University Office of Continuing Professional Development.

### Meeting Objectives:

- To interpret and address, through clinical and translational research, the disease burden associated with solid tumours and hematological malignancies in Canada;
- To summarize recent developments in the understanding of molecular biology and therapeutics as these relate to specific malignancies;
- To cite and interpret recent results of clinical studies conducted by or in collaboration with Canadian Cancer Trials Group;
- To interpret and apply new clinical trial methodologies in the field of clinical research; and,
- To describe the current regulatory, ethical and legal framework guiding clinical research.
