Meeting objectives

- Identify and address, through clinical trial and translational research, the disease burden associated with solid tumours and haematologic malignancies in Canada.
- Identify clinical trial research opportunities within the Canadian Cancer Trials Group.
- Integrate current knowledge regarding therapeutics and tumour biology in trial concept development and conduct.
- Apply best practices in clinical trials conduct and analysis to the Canadian Cancer Trials Group research
- To provide a learning and mentoring environment supportive to new investigators.
- To synthesize, disseminate, exchange and apply knowledge derived from clinical trials to improve the health of Canadians.

Accredited

This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada and approved by Queen's University Office of Continuing Professional Development.

CME Evaluation online program deadline is May 31, 2023

Credits must be claimed by using the "Continuing Medical Education" tab located on the Spring Meeting webpage (www.ctg.queensu.ca/public/annual-spring-meeting). Participants are asked to state the number of hours of attendance (1 credit for 1 hour) for accredited meetings and complete the online evaluation to receive your certificate. You will need to enter your CCTG UserID & password. If you do not have a CCTG UserID & password, please use your Spring Meeting PIN# to sign in.
