2017 Annual Spring Meeting of Participants

April 28-30

Chelsea Hotel, Toronto

Overall Schedule

Spring Meeting Objectives:

- To understand and address, through clinical and translational research, the disease burden associated with solid tumours and hematological malignancies in Canada;
- To summarize recent developments in the understanding of molecular biology and therapeutics as these relate to specific malignancies;
- To cite and interpret recent results of clinical studies conducted by or in collaboration with Canadian Cancer Trials Group;
- To understand and apply new clinical trial methodologies in the field of clinical research; and,
- To understand the current regulatory, ethical and legal framework guiding clinical research.

Disclaimer

During Spring Meeting, we will be taking pictures and video to be used in some of CCTG's communications vehicles. If you do not wish to have your image recorded for distribution, please make your wishes known to the photographer.
